

December 2013

Dear Families,

We have two iPad carts that each contain 33 iPads. One of the carts will be used when your child visits the library with Mrs. Oke; the other cart will be a mobile lab that will travel to classrooms. Your child will use educational apps to support their learning of the core curriculum, as well as for research and/or to create products using some of the presentation applications.

During library/technology time, Mrs. Oke will be teaching your child the proper way to use an iPad, but it would be helpful if you would review the following user agreement with your child and sign below.

If you have any questions or concerns, please contact Kristine Oke (Kristine.oke@pccsmail.net)
